		Advanced Tumblers 6:00-7:15				

Class Descriptions:

Tip 'n Tumbles (6 mths – 1 yr): Your baby's first gymnastics class. You will explore sensory and movement activities, baby exercises and fundamental movement patterns. Help develop those important first milestones in a safe, fun and educational environment.

Tiny Tots (1-2 yrs) & **Tumble Tots** (2-3 yrs): We build a strong foundation for your child to develop a sense of confidence, exploration & social skills. The instructor will teach the skills to the children and guide the parent on how to best assist them.

Tumble Bugs (3-4 yrs) & **Tumble Bears** (4-5 yrs): This class is designed to help preschoolers grow and develop independence through an interactive, action packed class. We work on social skills, coordination, body & spatial awareness, balance and of course fun!

Tumbles 'n Tricks (5-6 yrs) & **Tumbles 'n Flips** (7 & up): This class promotes physical fitness and allows students to achieve new skills by focusing on their strengths while encouraging development of their weaker areas. Children will gain confidence in their body, increase their self-esteem and improve their health and fitness all while having fun!

Advanced Tumblers: For children with previous gymnastics experience & would like a bit more challenge. By invitation or assessment only.

Interclub Program: The Interclub program is an advanced recreational program where children get a chance to become part of a team. Interclub athletes train twice a week for a total of 3, 4 or 6-hours & have the opportunity to join special performances throughout the year. By invitation or assessment only.

Birthday Parties are BACK! Find information & availability online at www.tumbletown.ca.
